

Oasis Management (Hong Kong) LLC**Credit/Pan Capital Structure Portfolio Manager**

Oasis is a global multi-strategy hedge fund manager with headquarters in Hong Kong that is seeking to hire a **Credit/Pan Capital Structure Portfolio Manager** to manage a capital structure, credit trading and investing, and distressed investing book.

The position will report to the Chief Investment Officer, and will support efforts focused on market and portfolio risk across a variety of complex financial products. The fund's investment style is opportunistic, which creates a fast-paced, dynamic, and challenging environment.

The ideal candidate will have Asian markets experience, will be able to look at products across the capital structure (equity, debt and loans), will have knowledge and experience in trading equity and credit volatility, futures, and implementing interest rate hedges (swaps, bond futures and cash). The candidate will be familiar with volatility, interest rate and bond modeling. He/she will also have fundamental credit risk modeling skills and analysis as well as some structuring experience. The role will have the freedom to look at opportunities globally – with a focus on Asia.

The ideal candidate will have both the quantitative and qualitative skills – the quantitative skills of options and bond math and the qualitative skills of prospectus and indenture reading, trading and negotiating with counterparties and corporate borrowers. Asian experience is an advantage.

We are investors and arbitragers. A candidate will need to demonstrate experience with both types of investing and trading.

The book, for the right candidate, can grow to over USD1billion.

Requirements:

- Degree qualified in economics/finance/business/mathematics or quantitative discipline.
- Strong analytical skills and understanding of financial risks.
- Excellent verbal and written English communications skills.
- Ability to understand business processes and their risk implications, analyze complex situations, reach appropriate conclusions, and make value-added and practical recommendations.
- Strong analytical and communication skills, as well as the ability to multi-task with minimal supervision.

Qualified candidates should send their CV, reference list, and salary expectation to Recruiting@oasiscm.com.
